### To Whom It May Concern:

I am pleased to give this reference of service for Ambassador Worldwide Protection Agency, Inc., Thomas Bolling, proprietor. I first contracted services from Ambassador Worldwide Protection Agency more than three and one half years ago while preparing for a Christmas party inviting more than 800 guests. I was so impressed with the strategic planning layouts and professional manner with which Mr. Bolling and his officers handled my event, themselves, and the way in which they interacted with my guests that I have become a true believer that no one does it better!

During the crisis of Hurricane Katrina, my daughter was attending Tulane University; Ambassador Worldwide Protection Agency came through again. Thomas Bolling personally escorted my wife into the heart of the storm-ravaged area of New Orleans and salvaged as much as was possible of my daughter's personal belongings and displaced life.

During the Katrina Crisis my daughter was temporarily relocated to a university in Atlanta, Georgia to complete her semester. My wife was returned to me safe and without incident. I am confident of the abilities of Ambassador Worldwide Protection Agency, Inc. I do not believe that I could have entrusted anyone else with the safety and well being of my wife or any other family member.

I continue to utilize Ambassador Worldwide Protection Agency and would highly recommend their professional services to anyone who truly desires to have the job done right the first time, every time.

Sincerely,
